## ATTENTION ARCHULETA COUNTY.

This Republic is under attack by criminal forces, as anyone watching and thinking can see. They are separating us with fake lock downs, trying to divide our 50 state union with their treason in the voting fraud, pitting brother against brother... Will we allow this? This flyer is an appeal to all Archuleta County Residents who want to protect our country, and our local county, from the forces that threaten us all. It is time the silent majority makes a legal stand against their obvious conspiracy, and to help our REAL President to eliminate these threats locally. WILL YOU HELP, or close your eyes to the truth???

This publication is being provided by local Archuleta County residents who are seriously concerned about the depravation of rights and corruption in the local Archuleta County government, and our collective Republic. The People of this county MUST become active to retain their money and rights, or forever surrender them to the swamp and deep state corruption. What will it take to get... YOU... PERSONALLY... to engage and want to make a difference as we are lawfully authorized to do by our Constitutions to protect our rights and freedoms, family and friends? What is about to be a major government shakeup and investigations in this county, and which is already occurring at the federal level, will shock most people. We need Patriots who care about our constitutions and laws to band together, People, or we will all regret it terribly in the near future.

It is imperative that we, the people who authorized and created our local government, as well as our State and Federal governments, to become aware of what is taking place via our so-called "Public Servants." The Swamp is not just in D.C., but extends to our Colorado State government, and down to all local county and city governments across these 50 united States. We are all in this together, and unless you are against the Rule of Law, against our State and Federal Constitutions, and do not want any say at all as to how our money and lives are being manipulated, there is a personal responsibility for each of us to educate ourselves, and then act against the forces which are part of the swamp that needs draining. This flyer is the means to begin that process for our area, and to join others in this process.

Freedom is NOT free and has never been free. There is always a cost to maintain freedom from corrupt people and forces. Too many American's have gone to sleep for the past 75 years, and we have allowed this corruption to fester like a cancer because we trusted our elected public servants, and we've been very blessed, but have been derelict in our duty. As many founding generation leaders have restated in various forms but ultimately attributed to John Philpot Curran: "The condition upon which God hath given liberty to man is eternal vigilance; which condition if he break, servitude is at once the consequence of his crime and the punishment of his guilt." If you love this country and our way of life, you will read this entire flier carefully, and choose to join a growing body of locals interested in fighting for liberty and freedom, because it is in serious trouble RIGHT NOW.

We hope this will be the first of more communication papers to follow with material that is a "must know" for a free people to remain free. You need to know about various and questionable activities within Archuleta County Government, (not to mention other counties in Colorado...) including the Board of County Commissioners, County attorney, and likely to-be-named other County "Good ol Boy" players" after investigations and whistleblower interviews are completed in the coming months. You can help if you "know" something and want to do something to better our county, and country. Tell us, in confidentiality, or not... and it will be investigated!

### Covid19 - Misinformation, Fraud and Deep State Attack!

Many Americans are waking up to the fact that the covid19 virus was never the threat claimed by science and fake news. Our economy and lives have been severely damaged by this fraud, and this ongoing attack needs to stop now. All the facts would take far to much space here. Do your own research, and trust yourself. Some basic points are the following: 1. According to the latest CDC report on deaths, rather than the 150,000+ alleged deaths in America, the virus has killed only 6% of that number, to total only 9210 deaths... less than last year's yearly virus. <https://principia-scientific.com/finally-cdc-admits-just-9210-americans-died-from-covid19/>. One of the frauds was in how hospitals and many other organizations, including the CDC, WHO and other so-called "scientific" agencies, counted covid19 deaths to achieve their goal of fear and control. 2. Hospitals and such receive more money the more covid19 cases, and the more covid19 attached deaths they report, thus creating enticement to fake numbers. 3. Cloth and other similar masks do NOT stop a virus particle. The ongoing mask "order" fraud is meant to create fear in Americans and to test our resolve, our knowledge of facts, and our willingness to submit to authority without questioning the facts. It is virtue signaling to wear one, and a means to produce anger against those who refuse to wear a useless mask to allegedly show "concern" for others, yet without any scientific evidence that wearing a mask by healthy people is valid. We've failed miserably in this test. Across the entire world, we've seen billions of people succumbing to tyranny, lawlessness, anarchy, and, certainly within our own country, insurrection, sedition, and treason at the

# GOVERNMENT.. BY THE PEOPLE

**No one wants to be wrong. No one wants to hear that they have been deceived, lied to and manipulated by others, especially local, state or federal government actors, or especially the fake news media, but THAT HAS HAPPENED. Getting angry is normal, but then we have to choose... do we want the truth, or do we want to fight what we hear and fight to keep the lies we've come to find comfortable? Truth is all that matters, as hard as it is to admit. Lies will destroy us and our Republic. Strength of character and morals is tested when we are confronted with something contrary to what we believe. PROVING ALL THINGS is vital to getting through it. NO, it is NOT easy, but if you were in a sinking ship, would you want to be told the truth, or stay comfortable until it sank and NOT prepare and save yourself and your family and friends?**

The first step in awakening to the destructive actions swirling around us all is to understand and remember "WHO WE ARE." This may seem like an obvious thing to most, but it is not obvious to a slave who just accepts his lot in life and doesn't know he or she has a choice to not be a slave anymore in our Republic.

This isn't rocket science. It IS actually grade school A, B, C, 1, 2, 3, but as with all things there is a learning curve that might challenge your paradigm... your "matrix" and the world that has been created for our minds and emotions. So we must begin the purpose for this publication going to most county residents... that of building the picture so that you are left with the obvious and logical conclusion that we are being manipulated at various levels, including by our government, by our courts and even to some degree, by law enforcement. We are NOT free, and it worsens every year.

What does the Declaration of Independence say? When did YOU last read any of it? Here's a bit...

**"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.--That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, --That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most**

**likely to effect their Safety and Happiness... when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government..."** Declaration of Independence.

The rule of law has broken down... evidenced by the riots by disgruntled Americans and others who have lost sight of what treason and insurrection are, and the penalties for both in a time of war, which we are in. Attempting to thwart lawful elections and stop the Rule of law is insurrection and treason. Keep in mind that we must understand that we are NOT a democracy, contrary to the ongoing babel by certain ignorant people. Our founding generation despised Democracy, and spoke against it often. Listen to a few of them...

*"A Democracy cannot exist as a permanent form of Government. It can only exist until the voters discover they can vote themselves largess of the public treasury. From that moment on the majority always votes for the candidate promising the most benefits from the public treasury with the result that Democracy always collapses over a loose fiscal policy..."* Professor Alexander Fraser Tyler. (Writing when the states were still colonies of Great Britain, explaining why democracies always fail.)

*"Between a balanced republic and a democracy, the difference is like that between order and chaos." John Marshall, Chief Justice of the Supreme Court of the United States from 1801-1835.*

*"Remember, democracy never lasts long. It soon wastes, exhausts, and murders itself. There never was a democracy that did not commit suicide." John Adams.*

So, we need to begin thinking "Republic" and a "united but independent 50 States of America" and not a mob rule, "one nation" vs 50 independent government Democracy. Democracy is two wolves and a lamb deciding what is for dinner. A "Democratic Republic" is two wolves and a lamb having the same rights and authority under common laws. All rights are protected and no one can have preeminence over any others. How about we exercise THAT for a change and stop this premature and willing descent into our own graves. Do you even know what your rights are?

This ship is taking on water. Enemies within are colluding with foreign forces to steer this ship-of-state into an iceberg, and this is being exposed. Can't happen here, you think? It IS happening, and **WE need to join against it and stop it as brothers and sisters, unified against this evil!**

## **Will ANYONE be held accountable for their obvious crimes in government, and against the people through voter fraud, riots, looting, human trafficking and insurrection?**

The news these days is full of criminal actions being discovered in government officials, and those supporting lawless activities by treasonous, so-called "Americans." There seems to be two sets of laws... one for the People, and what is actually a lack of laws for the government servants and their mindless zombie American minions who are rebelling against our constitution and freedom. It is insurrection and sedition, plain and simple. Either "We, the People" begin to take back our authority over our servant governments, or we will continue to be herded as sheep, and continue as fleeced sheeple, and we will continue to lose our freedoms and rights as we have seen happen these last few decades. Pedophilia is rampant across America, right under our noses. 800,000+ children disappear every year in America, most to sex trafficking rings that are global and involve the highest levels of government officials and others. Hard to believe? Do a search for yourself. Our children are being sacrificed to this sex trade but that is now being addressed, and we all must wake up to what in our world is going on!

### **WARNING:**

**Please be aware that information contained in this paper may, to the best of our ability, disillusion you, (do you really want to be under an illusion?), but it will also provide truth and facts which tend to make one free, which is our goal. If you do not want the truth, this isn't for you. Go back to sleep. Slavery and servitude have become a way of life for many Americans, and many don't even realize what freedoms they have lost. We have all been in that boat.**

**This paper, working with like sources all across this Republic, will provide information that will upset you but help to make you truly free, so please be aware of these possibilities, especially for those who do NOT like true freedom and liberty, and fear it, and fear being truly self-responsible. This material will either profoundly change your life if you want to be part of getting back to our foundation, or it will anger those in denial of evidence and facts, and who war against the Constitution and Common law our founding generation gave their lives to provided us with. Choose this day whether you want to stay in your matrix, or join all those resisting a destructive way of life in America. There is no hiding from our duty and responsibility if we expect to survive the present attack on all our lives!**

## 2014 Archuleta County Lawful Ballot Initiatives... Still Denied

Did you even KNOW about this, or remember it? Back in 2013, 11 ballot initiatives were created by several dozen county guard members as a means to bring county government into constitutional compliance and to enhance financial and other issues for we the People. The initiative forms were approved by the county recorder per Colorado Statutes and were intended to be placed on the 2014 ballot. Initiatives were signed by over 600 county voters, turned into the County Recorder's office, and accepted. Immediate attempts began by then county attorney Todd Starr, with then Board of County Commissioners (BoCC) Michael Whiting and Clifford Lucero, and present BoCC member Steve Wadley to refuse this right of initiative, and to subvert attempts to get them placed on the 2014 ballot.

Greater details on the subsequent lawsuit and denial of due process can be read here... <http://libertyzone.org/Ballot-initiatives-updated.pdf>, but this is just one more example of how our county has excluded us out of the government process and are running their own corporate business at our expense. A recent challenge to the attorney fees being charged was made with evidence of fraud by the county of false charges being assessed for attorney fees and the court found in Plaintiff's favor, and greatly reduced the attorney fees assessed, but this is being appealed. The whole fraud will be addressed federally soon. Of course, this, and every other aspect of this vote fraud has not been properly reported on or addressed by the local Pagosa Sun paper since day one. We also believe this attorney fee fraud may have happened to some or all past lawsuits against the county or by the county against other players. This, and the voter fraud, and other questionable activities needs a grand jury investigation, which has been repeatedly denied Plaintiffs and Archuleta County residents by the courts and the local District Attorneys on the county activities which raise red flags. They won't allow us to hold them accountable!

## 2020 ELECTION FRAUD — MOUNTING EVIDENCE

It is obvious that a major assault on our liberty and freedoms is in the very process of unfolding in this latest election cycle. Anyone denying the clear evidence of voter fraud and suppression, vote manipulation and many other criminal issues is not receiving any real news and is being spoon fed lies and propaganda. If you are not willing to research the facts yourself, you will never know the truth or wake up, and will simply be their "useless idiots" as they call all those sheeple now submitting to this war. The statistical improbability of Mr. Biden winning the popular vote in these four Defendant States—Georgia, Michigan, Pennsylvania, and Wisconsin, collectively is 1 in 1,000,000,000,000 to the 5<sup>th</sup> power, given President Trump's early lead in those States as of 3 a.m. on November 4, 2020. This is a lot of evidence videos and web links to more data that can then be easily shared. You are now the news, people. YOU must be a digital soldiers in defense of our country and county. Save our businesses, save our kids, save our freedoms, or watch it continue to disappear before your eyes. If you have an ounce of critical thinking, you will KNOW that we are in a war for our very survival. A war that, unless addressed, will consume us, our kids, our future, and the world will never survive because of our indifference to it, or our fear of it. **The ENTIRE WORLD IS WATCHING US, and fears our failure because it means their own failure as well. NO MORE... not on our watch!!!**

From Covid Fraud P. 3 highest levels of government, and extending down to lawless neighbors that threaten our way of life. 3. George Floyd actually died from a Fentanyl overdose, with other drugs found in his system . . . (<https://www.redstate.com/shipwreckedcrew/2020/08/27/george-floyd-died-of-health-complications-from-a-fentanyl-overdose-he-was-not-murdered-by-minneapolis-police/>). This was maliciously used by deep state players, in unison (as they've been doing for the last four years) with the fake pandemic, fake Antifa movement, and Democrat facade BLM to create disruption in our elections and in draining of the deep state swamp that we've allowed to grow and fester within our Federal, State and Local governments.

Yes, "WE" are responsible for this and it is now our responsibility to correct it and to support President Trump's efforts to bring us back to a rational, constitutional, and moral position, or we will self-destruct. 4. The deep state coup fake impeachment hearings, and other government antics attempting to overthrow a duly-elected President and to create chaos across our Republic have all been in an effort to create a socialist, fascist and communist government and to distract the dismantling of the deep state cabal that has been ravaging the world's financial and social systems for centuries. That power is being disrupted by President Trump, (supported by 100 million patriotic and real Americans) who is not an "insider" but a realistic business man who has done more for this Republic in 4 years than the last 50 years of the deep state status quo. He defends our rights. 5. It is quite clear that the preceding **Obama administration was corrupt** to the core, and this corruption involved many government agencies, such as the FBI, CIA, State Department, DOJ, and others. Obamagate is now unraveling, and the investigations taking place on this ongoing coup attempt will reveal these deep state actors, to include Obama and Clinton themselves. If justice is not provided by government, then it likely will be a civil war that will cleanse this land of the severe threats we now face. DO YOU WANT THAT? "The tree of liberty must be refreshed from time to time..." Thomas J.

That being said, there are far more facts and truth that are being suppressed by local and nationwide fake news and government actors, and we need to not fear working together to obtain and examine ALL data on these issues if we expect our way of life to continue, and for criminal government elements to be brought under our rule as was intended by our founding generation. Our county and towns are in the midst of being closed down yet again for unscientific beliefs with criminal intent, and it all is not only unconstitutional, **they are NOT actual laws** (did you vote on them?) and are evidence also of **acts of insurrection and war against our constitutions**. This includes any alleged authorities such as the San Juan Basin Health Department, or any law enforcement that would seek to support unlawful, **tortious interference** and other illegal acts of fraud against businesses seeking to make a living by staying open in our county.

**Consider for just one minute...** how can wearing a mask be realistic if the virus is much smaller than the fabric material can stop? It is like using chicken wire to stop a mosquito. The very packaging states clearly that it CANNOT stop a virus, but this pseudoscience is still pushed because we don't research it ourselves. Covid19 is NOT a real threat beyond the yearly flu? Did you know that testing positive for covid is NOT the same thing as "having" covid19, and merely having antibodies raises the covid19 "case numbers" but means nothing? Did you know that the actual tests being used are designed to produce false positive results to maintain the fear stream? Retail stores like Walmart, Ace and others can operate, but restaurants (much more social events-keep people isolated and not talking...) cannot? What real science is this following? Can you imagine a "pandemic" disease so deadly you have to be tested to know if you even have it? Are we thinking yet?? The "gist" of this is that the lockdowns, face masks and other non-scientific behaviors being foisted on America and the world only **delay normal herd immunity** and prolong the normal viral season almost indefinitely till people become immune. **Then we must ask ourselves a serious question... are we ready to repeat this destructive and horrific cycle for all the coming yearly flu virus seasons till the end of time?** As we allow the deep state and corrupt government actors to continue to use the covid19 "pandemic" as their political tool to try to shame people for trying to live, resist unscientific lockdowns, killing small business, or manipulating our kids with school closures, mask mandate nonsense, and spending the holidays alone... **do you really think it will stop with that alone and NOT grow into even more attempted power and control over us if we say and do NOTHING now?**

**The following info, which is being purposefully suppressed and not being reported on by fake news, will help you make an informed decision.** "[The Vaccine In Your Body](https://www.youtube.com/watch?v=the81FQoAUI&feature=youtu.be)" This video just explains what is suppose to happen in your body with the new flu vaccine (if everything goes as planned) which, as with ANY yearly flu shots, are only 10%-60% effective, and must be remade every year. Keep in mind while watching this video that the "rush" to implement a new vaccine procedure using RNA is of major concern... <https://www.youtube.com/watch?v=the81FQoAUI&feature=youtu.be> 5 Minutes. (There are much safer treatments for covid19...)

Next, RNA vaccines are new and untested technology and many involve aborted fetal tissue. It has not been proven safe even in animals. ### SO, WHAT ARE OUR OPTIONS LOCALLY HERE, AND IN EDUCATING OTHERS ON THE TRUTH?

Locally, we have a growing group (<https://constitutionalallawgroup.us/>) dedicated to providing data and evidence on the ongoing lies being promoted. They also are providing plain legal facts on our rights and are teaming up with attorney sources to support our resistance to local government violations of law, tortious interference with businesses, and plain intimidation. **Remember, we are dealing with schoolyard bullies here.** They are predators and pick on lone sources, one at a time, who feel vulnerable and alone and powerless. The problem is they try to tell us what is illegal while they do illegal things. We often see these government actors picking on others and just hope they leave us alone, but that never works to change anything. They believe because we have given them their power and position that they rule over us, and they forget that they work for us. We submit, we give our consent, over and over, through not challenging unconstitutional and illegal behavior and simply allowing them to run roughshod over our lives. We consent to

# WE ARE THE NEWS NOW - DIGITAL SOLDIERS

Most of social media and mainstream news are colluding to suppress conservative voices, and are actually supporting pedophilia, insurrection, treason, and are helping deep state actors destroy our country. This includes Facebook, Twitter, fake news such as CBS, NBC, MSNBC, PBS, ABC, Drudge Report, much of Fox News and others, (not Hannity, Tucker, Laura, Levin, NewsMax, One America News, Epoch Times, and a few others). They are our enemy, and that includes our local paper that consistently refuses to print truth and facts and actual data, and instead, is part of the deep state manipulation of our local community. THAT is why we need our own voice, to help free others who have been lied to for decades and are trapped in the matrix originally created to enslave us.

We need bodies for showing up for government meetings, making a showing to wherever people are needed to lend their power to these causes. The law is on our side so we do not have to fear their intimidation or threats. Our fear or submission only emboldens them and we have legal resources at our disposal. We also will be creating a legal fund to use to fight for all our rights, even if it is one business or person at a time. We win if we stop being the **SILENT** majority. Don't fail your family, your friends, your county and this union of brothers and sisters or it WILL perish from this Earth. Do something, do "anything" to pay for freedom for our Republic and for the rule of law. Many among us have been brainwashed to the point of being a danger to freedom and rights. **This communist (Chinese infiltrated funding government actors) war is a death penalty attack on the Rule of Law, America, and the Constitution for these United States.**

We stand for peaceful and lawful organizations and in all actions but we also know their threats are real, and we are prepared for this, too. Numbers, and a show of solidarity, can make a huge impact in our area. Don't underestimate YOUR voice and actions. Get involved, and, yes... we know there will be moles, liars, traitors, cheats and other base and shallow people in our midst, but they are mostly already known locally (Per their lawless voices and actions), and will be further vetted as time goes on. They will forget themselves, but in the sole faculty of making money, and will never think of uniting to effect a due respect for their rights. "If destruction be our lot, we must ourselves be its author and finisher; as a nation of freemen, we must live through all time or die by suicide." Abraham Lincoln (1809-1865) 16th President of the U.S.;

"So long as the people do not care to exercise their freedom, those who wish to tyrannize will do so; for tyrants are active and ardent, and will devote themselves in the name of any number of gods, religious and otherwise to put shackles upon sleeping men." Voltaire;

**From Covid Fraud P. 3** constitutional, lawful, moral and ethical service from our public servants, **not** oppression, tyranny and manipulation of our lives. Is it scary sometimes to resist these bullies, to challenge their actions? Sure, but unless we stand up TOGETHER to it, it will NEVER get better and will only get worse. Just consider these last 10 months and you'll realize how this power grabbing manipulation works. We outnumber them., and we have truth. We give them existence by our consent, and we must hold them accountable to their jobs, or fire them and bring criminal charges against them. Any business being shut down and licenses threatened or intimidated, now have support. Simply say no to their illegal actions. Stay open, and if someone wants to wear their masks, let them. If they complain about others, they can leave. KNOW WHAT YOUR RIGHTS ARE. If your very business survival is at stake, does it matter if you think they might close you down for staying open when they are shutting you down anyway for constitutionally running your business? **Don't allow fear and intimidation to put you out of business. THEY are the illegal ones.** State mandates or executive orders are NOT LAW that pertain to the public. Go to <https://www.constitutionallawgroup.us/> for all the business support you need to stop this nonsense and get back to normal social activities. We want our businesses open but they want to control you under color of law, which is fraud, and fraud has NO statute of limitations, so suits can and will come against them.

Due to the local San Juan Basin Health Department's recent unfounded and unlawful threats toward various small businesses <https://constitutionallawgroup.us> and local citizens are working together to show the scientific facts on the fraudulent virus scare, and our legal rights to stop them in their tracks. We will list, and support, all local businesses that stand against this unconstitutional action and stop the unscientific mask madness and allow society to get back to normal, and we will list, and boycott, all businesses that demand to be acting as medical professionals who have zero lawful right to force medical decisions on us, or to perpetuate a fraud. Even a modicum of due diligence research will prove the fraud and provide courage and confidence against those that would keep us in chains, so there are no excuses. **There are approximately 12,000 full-time residents in Archuleta County. If we cannot muster 500-1000 people who are sick and tired of this local, state and federal government's overreach, then we have already lost our Republic and we are no longer free people or have a free country where the people rule.** EVERYONE can do something. We can no longer afford fence-sitting, or cheerleading from our living room chairs. Opinions are NOT action. Being on the bench watching does NOT help the team. Sides are being drawn... choose the rule of law, our constitutions, truth, life, liberty and justice, OR lawlessness, tyranny, anarchy, insurrection, fascism, communism, and those that clearly hate truth and this Republic... plain evil in our midst. **NO MIDDLE GROUND.** We now have huge educational and unifying tools for all of us to stay connected and to be reachable for immediate action to help any business or individual that is under threats from lawless or unconstitutional government or personal actions against any of us. **Remember, this is a Chinese backed cold war with infiltration into our highest levels of government...** <https://www.scmp.com/news/china/diplomacy/article/3113237/professors-claim-chinas-friends-top-influence-us-policy-goes>, and, <http://libertyzone.org/Chinese-infiltration-in-our-government.mp4>, and <https://www.youtube.com/watch?v=OumhrE6JV3A&feature=youtu.be>.

**THIS IS WAR!!!**

**What can YOU do now???**

**1. Text the word "rights" to 80123 for a link to register with the "Peoples Rights" group that has an impressive website that we are implementing in our area. 2. You can also sign up at <https://peoplesrights.org> (This website tool is the easiest way for us to communicate)** This breaks down all states into sections where people who want to be involved together are connected in an easy and useable form. Check it out and sign up so we can create the numbers we need. Can we see at least 10% of all county residents (1200) take this definitive step to begin taking back our county at the grass roots level, which will be an example to all Colorado counties taking back their state, and support taking back our Republic? Pass this website info on to all you know everywhere if you want this to succeed. Alternatively, you can simply send your contact info to [contact@archuletacountyassembly.org](mailto:contact@archuletacountyassembly.org) (email address, cell#, etc.), and we will be in touch with you on connecting in whatever way you feel comfortable. We will be working with and supporting local law enforcement, EMS, etc., as they serve the people in our area. It doesn't get any more real than what we are facing as a nation right now people, so...NO going back, except to slavery. Actually, our solution is rather simple. **The American people have a huge amount of power at their disposal. WE NEED NUMBERS and that is where YOU come in.** Whether you are willing to meet like-minded locals in various meetings (Good to know who your friends are...) or just receive information via email with website links, documents and tools you can use to play a part. If you've had enough of this tyranny, if you want to make a difference...

**DO SOMETHING NOW... BEFORE IT IS TOO LATE!**
